SUNRIDGE PVC SYSTEMS

Built for Southern Living

Sunridge PVC Window Systems deliver the perfect balance of beauty, energy efficiency, and long-term durability for modern Texas homes. Designed to perform in demanding climates while enhancing everyday comfort, our window solutions bring lasting value to every residence.

Energy Efficient Residential Solutions

Designed to help improve year-round indoor comfort while supporting energy-conscious living.

Designed for Texas Climate Conditions

Built to perform through heat, seasonal storms, humidity, and changing weather conditions.

Manufactured with Precision Engineering

Produced to exacting standards for long-term reliability and consistent performance.

Full-Service Support Through Krothers

From consultation and specification through installation and after-sales service.

Beauty. Comfort. Confidence.

Timeless aesthetics, smooth operation, and dependable performance designed for modern Texas homes.

THREE-LITE FIXED WINDOW DETAIL

Three equal-width fixed glass panels deliver expansive views and abundant natural light. Clean sightlines and uninterrupted glass enhance the beauty of your home.

SINGLE HUNG INTERIOR VIEW

Authentic single hung windows feature a fixed upper sash and operable lower sash for excellent ventilation and everyday functionality.

INSTALLED HARDWARE DETAIL

Quality hardware and precision construction ensure smooth operation and long-lasting performance you can depend on for years to come.

SUNRIDGE PVC SYSTEMS

FIXED WINDOW SYSTEM

Sunridge Fixed Window Systems are designed to maximize natural light and provide unobstructed views while delivering clean architectural aesthetics for modern Texas homes. Large glass areas create a bright, open living environment while maintaining timeless visual appeal.

PRODUCT DRAWING

EXTERIOR VIEW

KEY BENEFITS

EXPANSIVE VIEWS
Large glass areas provide unobstructed views of the surrounding landscape.

ABUNDANT DAYLIGHT
Maximizes natural light throughout interior living spaces.

CLEAN ARCHITECTURAL DESIGN
Simple sightlines complement contemporary residential architecture.

LOW MAINTENANCE
Durable PVC construction designed for long-term residential performance.

SUNRIDGE PVC SYSTEMS

SINGLE HUNG WINDOW SYSTEM

Sunridge Single Hung Windows combine classic functionality with modern performance. The operable lower sash allows for controlled ventilation while the fixed upper sash enhances energy efficiency and security.

PRODUCT DRAWING

EXTERIOR VIEW

KEY BENEFITS

EXCELLENT VENTILATION
Operable lower sash provides controlled airflow.

TIMELESS DESIGN
Classic residential appearance suitable for a variety of home styles.

EASY OPERATION
Smooth functionality designed for everyday living.

LONG-TERM DURABILITY
Built with quality PVC materials for dependable residential performance.
